From Russia With Art Gallery is proud to represent at Cape Ann and New England, Sergei Danilin, a renowned artist in Russia, Europe, and the USA. Sergei is an accomplished landscape & portrait artist working in the classical tradition of Romantic Realism. His paintings combine a masterful technique, the strength of classical form and balance, a rich use of color, and a driving quest to reveal what he calls "the essence of the human soul."

Sergei Danilin lives with his wife and family in St. Petersburg, Russia, which for three centuries was the epicenter of Russian art, literature and religion. He is a brilliant and talented representative of the classical painting tradition of the St. Petersburg Academy of Fine Arts.

In Europe, Sergei is mostly known for his historical paintings and portraits. In America, he is lauded as an individual and family portrait artist. Many of his clients have invited him to paint in their homes, to allow him to fully understand and capture the essence of their family and its surroundings. In these works, the viewer can observe the masterfully captured beauty and complexity of human relationships. In the United States, Danilin is well known by people who cherish and appreciate exceptional art. Families who own and have commissioned his work are some of the best known art collectors in the world.
