SERGEI DANILIN

RENOWNED RUSSIAN LANDSCAPE & PORTRAIT ARTIST

Sergei Danilin works in the classical tradition of Romantic Realism. His paintings combine masterful technique, strength of classical form and balance, rich use of color, and a driving quest to reveal what he calls "the essence of the human soul." Danilin lives with his family in St. Petersburg Russia. He studied at and joined the faculty of the Russian Academy of Art. For the last 12 years he has travelled numerous times to Europe and America to paint. Families who own and have commissioned his work are some of the best known collectors in the world. Many have invited him to paint in their homes in order to capture the essence of the family and its surroundings. Explore a complete catalog of his work at <http://www.sergeidanilin.com>.
